Among the many strangers in town during the Fair was Mr. Weaver, the editor and proprietor of the Kansas New Era, After he returned home he wrote a most excellent account of our Fair, and came to the following nclusions in relation to the thrift and en-

Ever since we have been a resident of Kansas, we have contended that the location of Leavenworth made it the natural point for this great commercial emporium. from a prominent gentlemen and resident of Cin-innati, Ohio, for the part forty years well known to the newspaper publishers throughout the United States:

NRW YORK, October 11th, 1870.

DR. Radway—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of y sur medicine on myself. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago calminated in a most terribly afflicting disease, which the physicians all said was a spasmodic stricture in the uretha, analso inflamation of the kidneys and bladder, and gave it as their opinion that my age —73 years—would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both allopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Phitadelphia Saturday Evening Post of a cure is having been affected on a person who had long been homoopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Phitadelphia Saturday Evening Post of a cure having been affected on a person who had long been sufficing as I had been. I went right of and got some of each—your Sarsaparitlian Resolvent, Eady Relief and Regulating Pilis—and commenced taking them. In three days I was greatly releved, and now feel as well as ever.

by Mrs. Jenuie Johnson, mother of Capt. Johnson

Da. Johnson, was a skillful surgeon and and physician, in Central New York, where he died, leaving the above C. P. Johnson to my ears. At thirteen years of age, he had a chronic diarrhera and serofula, for which I gave your Sarasparilla. It cured him. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, lever sores and general debidty. Perfect success has attended it. The curee affected in some cases of aerofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarasparilla. He is flatful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.

Bestiectfully,
JENNIE JOHNSON.
